

BST launch

Thursday 21st July 2016 saw a fabulous balloon launch and tea party as St John's and New Town Primary School joined in celebration of the newly formed Multi-Academy Schools trust known as the Berkshire Schools Trust. Members of the respective school councils met at a location equi-distant from the two schools and released their balloons as a signal for each school to release their balloons. The number of balloons released was relative to the age of each school. It was a fantastic spectacle and the children all enjoyed meeting out on the field to watch the balloons rise high into the sky and then share cakes and refreshments with their parents afterwards.
